

**REMARKS**

Reconsideration of the application is respectfully requested in view of the amendments and the discussion presented below. The amendments are supported by the application as filed and no new matter has been added by any of the amendments.

Replacement sheets should have been but were inadvertently omitted from the Amendment and Response mailed to the Office on September 27, 2006. This Supplemental Amendment and Response supplies the omitted replacement sheets. The description of the amendment to the drawings in the September 27, 2006 Amendment and Response is repeated for the convenience of the Examiner.

The drawings are amended to correct the wording at the top of each sheet of drawings.

**The Objection to the Drawings**

The drawings have been amended by providing replacement sheets with corrected titles having all the letters of the inventor's name. The objection to the drawings should be withdrawn.

**Conclusion**

Claims 1-14 and 18 are allowable because the rejections over 35 U.S.C. § 103(a) and the objections to the drawings and the claims (claim 7) have been overcome as described above and in the Amendment and Response mailed on September 27, 2006.

In view of the above, the Applicant submits that the application is now in condition for allowance and respectfully urges the Examiner to pass this case to issue. The Examiner is invited to telephone the undersigned attorney as needed in order to advance the examination of this application.
